Small size, big possibilities

Your benefits

- New handy shape and unmatched ease of use
- Extended functionality with built-in Bluetooth® Smart and Leica DISTO™ sketch app
- Ideal for quick distance and area measurements
- Removable pocket clip for easy carrying
- Leica Geosystems technology, quality and precision

The new Leica DISTO™ E7100i is the first laser distance meter with Bluetooth® Smart that fits to a pocket. Its handy design with a pocket clip and simple functions make it a perfect tool for anyone who wants to take effortless measurements.

Whether you need a quick material estimation or you work on a home improvement project, the Leica DISTO™ E7100i with integrated Bluetooth® Smart and the free Leica DISTO™ sketch app offers you endless possibilities to create sketches, generate floor plans, document your measurements with pictures using a smartphone or a tablet.

Measure distances precisely, with the accuracy of ± 0.06 in

Measure distances up to 200ft without moving a step

Dust and splash water protected - essential on the jobsite

Bluetooth® Smart and Leica DISTO™ sketch app:

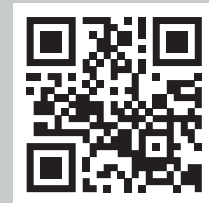

Extended functionality at the press of a button

Take advantage of the free Leica DISTO™ sketch app and start documenting your measuring results. Make your work easier, faster and safer!

Free App: **Leica DISTO™ sketch**

Available on the **App Store**

ANDROID APP ON **Google play**

Contractor
"Leica DISTO™ E7100i provides great support for my daily measuring tasks."

Architect
"I like the versatility of the DISTO™ E7100i, and in particular its ability to connect to my smartphone."

Pocket clip for quick attachment, easy carrying, and direct access to the device.

Quick distance and area measurements bring productivity and convenience to daily work.

Dust and splash water protection ensures that DISTO™ E7100i will even measure in the toughest jobsite conditions.

Free Leica DISTO™ sketch app for creating and sharing floor plans and photo documentation.
